

Artificial Ice Events: Synthetic Ice Skating Rentals for Special Events

(Saugus, MA) Artificial Ice Events rents and sells synthetic ice skating surfaces in a variety of sizes to be enjoyed year-round at any special event, from corporate promotions to theatrical ice shows. The synthetic ice requires no refrigeration and no power bill, which means less hassle when planning an event. The experts at www.Artificialiceevents.com can create an ice rink for any occasion during any season and in every climate.

The ice rinks consist of synthetic ice which is made up of a special polymer that best resembles the consistency of a giant cutting board. The ice skating rink is pieced together in 4' X 8' sheets and is sprayed with a special solution that reduces friction and improves glide and speed.

A synthetic ice rink offers great cost savings compared to refrigerated ice. Synthetic ice requires no refrigeration and no water, which means no water or electric bill. Artificial Ice Events will create ice skating or hockey rinks into any size or shape a 4' X 8' sheet can fit into. The ice skating rink can be indoor or outdoor, and can be built on any flat surface including a tennis court or an asphalt parking lot.

Synthetic ice rinks are environmentally friendly, saving in water and electric energy resources. They also can be built in climates as diverse as New York, Arizona and Florida. Synthetic ice skating rinks also give the ice skater the feel of skating on a frozen lake or stream. The lubricating spray is activated by the touch of the blade, evoking feelings of the traditional ice skating experience.

Artificial Ice Events offer skate supplies for every level of skater as well as for any special event. All of the synthetic ice packages offer a range of supplies needed to create the right look and atmosphere for the event, whether it be a college winter festival weekend or a formal banquet with live performance skaters.

All of the synthetic ice skating rinks are available in many sizes for both permanent and mobile installation. The ice sheets are quick connect style and can be assembled and disassembled quickly and easily. The ice rinks are perfect for a variety of occasions including summer hockey camps, movie premieres, marketing shows or tree lighting ceremonies. Artificial Ice Events supplies the accessories needed for each special event, including ice rink fencing, skate sharpeners, skate rentals, live performers, and holiday themed props.

Synthetic ice skating rinks are perfect for any occasion year-round. Whether it's for a trade show promotion, a public skating rink or a winter festival, www.ArtificialIceEvents.com covers all of the details. For more information call 800.275.0185 or fill out the convenient website contact form. All inquiries will be answered promptly by a synthetic ice rink professional.
